

RADECS 2026

28 SEPTEMBER - 2 OCTOBER 2026

PRAGUE, CZECH REPUBLIC

LinkedIn Guidelines for RADECS 2026 Exhibitor

RADECS boasts one of the most followed conference pages on LinkedIn in the field of radiation effects, with over 1,000 followers and growing. We believe in the power of social media to strengthen connection, drive engagement and discussions and promote new collaborations. Therefore, we highly encourage exhibitors and supporters to actively promote their participation at RADECS 2026.

Good Practices and Recommendations:

- **Promote your booth:** Share content that highlights your booth, exhibits, raffles, products, and more. Example posts and image templates are included below.
- **Visual Content:** Post pictures of your booth, products, and company representatives to attract attention.
- **Use official hashtags:** Include the official conference hashtags in your posts: #RADECS2026 and #radecs.
- **Tag RADECS:** Tag the official RADECS account in your posts by typing “@RADECS”. Engage with RADECS content: Follow the official RADECS LinkedIn page and share our content. This enhances the visibility of the conference and increases the audience for your posts.

Image Templates

- To use the provided templates, created in PowerPoint, add your company logo by pressing “Insert Picture (Fill)” button. If the logo is cropped, right-click on the image and select Crop > resize the picture until it looks good. Add booth number and a short description. Then go to File > Export > Create PDF/XPS document, then select “PDF”.

RADECS 2026

28 SEPTEMBER - 2 OCTOBER 2026

PRAGUE, CZECH REPUBLIC

Example Social Media Posts

(Use these as an inspiration and customize as to your needs)
